## MPO announces bulk sale of One Central units

US\$21 million divestment capitalises on strong market sentiment

*"This strategic sale successfully capitalises on current positive market conditions in Macau."*

David Hinde  
MPO Chairman

12 individual units in One Central Residences remain in MPO's non-core portfolio, with a combined gross floor area of 27,122 square feet.

**Macau Property Opportunities Fund Limited, managed by Sniper Capital Limited, today announces that it has agreed terms to sell ten units\* located in various towers of One Central Residences, Macau's premier high-end residential project.**

The agreed sales, worth a combined value of US\$21 million, take advantage of the current strong demand and rising prices for quality accommodation in Macau, primarily from mainland Chinese buyers.

The divestment also reduces the increased concentration of MPO's portfolio to One Central Residences, after the Company's recent US\$41 million exit from its entry level residential development, *Rua do Laboratório*.

*\* These units do not constitute part of MPO's premium luxury residential property - The Waterside (Tower 6) - which, as the Fund's cornerstone asset, remains subject to an ongoing marketing and leasing strategy.*

### Transaction Terms

The ten apartments have been sold to individual mainland China and local Macau buyers for a total consideration of HK\$165 million (c. US\$21 million) or an average sales price of HK\$7,600 (c. US\$980) per square foot. This translates to a net profit of HK\$9 million (c. US\$1.2 million) and a return on investment of 6% after all associated fees and transaction costs.

Following the signing of the Sales & Purchase Agreements, MPO has to date received total deposits amounting to HK\$18 million (c. US\$2.3 million), representing approximately 12% of the sale price. Completion of the transaction and final payment is due within the next 12 months.

**David Hinde, Chairman of MPO said:** "This strategic sale of ten individual One Central Residences units successfully capitalises on current positive market conditions in Macau."

### Further details

The subject units form part of an original portfolio of 25 individual apartments purchased by MPO in October 2007. These non-core residential assets form part of the Company's complementary strategy of acquiring well-located and attractively-priced smaller property assets in key locations across Macau.

Following the recent bulk sale programme – and three additional opportunistic sales over the past year - MPO continues to hold 12 individual units in One Central Residences, with a combined gross floor area of 27,122 square feet.
